

 **KleenLine™** FOAM HANDWASH SYSTEMS

Say Hello to Clean Hands!

KleenLine™ Foam Handwash Dispensing Systems add a touch of class to your facility with refreshing, spa-quality foam soap formulations that people love, and a new modern and sleek dispenser design.

Whether you choose manual, touch-free or our new touch-free systems powered by energy that's right on the refill (a coin cell battery that's integrated into each refill), your facilities team will appreciate the advanced features that make maintenance a breeze.

Choose the system that's right for you.

Three new systems that are built for reliability and high performance. All are available in each of the color options shown.

KleenLine™ Manual Foam Handwash Dispenser

Durable and reliable push-style systems. Easy to maintain.

KleenLine™ No-Touch Foam Handwash Dispenser

Touch-free systems built for reliable performance and ease-of-maintenance.

KleenLine™ NRG™ No-Touch Foam Handwash Dispenser

Touch-free systems with energy-on-the-refill, plus the ability to add communication modules.

KleenLine™ NRG™ Foam Handwash Dispensers

When you choose new KleenLine™ NRG™ Foam Handwash Dispensers, you're getting the most advanced technology available in a touch-free system. Imagine never having to change out batteries because they are included on every refill!

Built for Sustainable Performance

The KleenLine™ NRG™ Foam Handwash System represents a 68% reduction in battery waste when compared to leading touch-free systems on the market.¹

Easy-to-Pair Dispensers with Refills

Labels inside the dispensers match labels on the refill, so it's easy to match the correct dispenser and refill.

1 Lock Option

Convert to a locking system to prevent pilferage.

2 Sleek Front Window

Make it easy to see when dispensers need service.

3 Contemporary Design

A variety of color options to match any décor.

4 Communication Capability

Optional plug-in modules (when available) let you add service alerts or other upgrades as technology evolves in the future.

5 Breakthrough KleenLine™ NRG™ Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Backup power inside the dispenser provides added assurance of high performance — even with extreme high frequency use.

6 Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble, including removal of the battery.

A breakthrough innovation in hand soap.

Introducing KleenLine™ Boost™ Foam Handwash with CLEAN RELEASE® Technology*

Healthy skin is cleaner skin. KleenLine™ Boost™ Foam Handwash made with CLEAN RELEASE® Technology sets a new standard for soap performance. This remarkably mild formulation is gentle on skin, contains no antibacterial ingredients⁴ or harsh preservatives, and removes over 99% of dirt and germs.

Scientific Breakthrough in Skin Health

Formulated for dry and sensitive skin, hypoallergenic KleenLine™ Boost™ Foam Handwash with CLEAN RELEASE® Technology is free of harsh ingredients, so it is better for skin.

- Cleaner Ingredients – Free of harsh preservatives, antibacterials⁴, parabens and phthalates
- Better Wash Experience – 95% preferred over regular soap^{5,7}

Better for You and the Environment

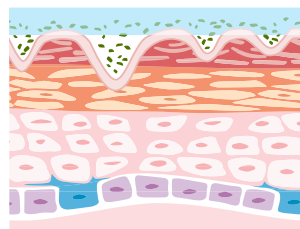

KleenLine™ Boost™ soaps are made with natural ingredients. They rinse faster and cleaner to conserve water.

- 90% Biobased Content⁹ – Far exceeding the 64% USDA BioPreferred® Program standard for hand cleaners
- Water Conservation – Saves an estimated 6 gallons per refill compared to regular soap^{7,10}

KleenLine™ Boost™ Helps Soap Work Better

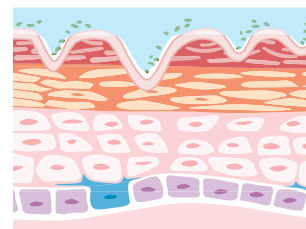

KleenLine™ Boost™ enhances soap performance. It reaches deeper into skin's cracks and crevices to gently remove more dirt and germs than regular soap.^{2,6,7}

- Dirt Removal – Removes 30% more dirt than regular soap^{2,7}

Regular Soap⁷

Can't get to tough-to-reach areas where dirt and germs may hide.

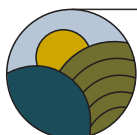

KleenLine™ Boost™

Reaches into skin's cracks and crevices 2X better to lift and wash away more than 99% of dirt and germs.^{2,3,8}

Built for Sustainable Performance

The KleenLine™ NRG™ Foam Handwash System represents a 68% reduction in battery waste when compared to leading touch-free systems on the market.*

Battery Waste Over Dispenser Lifetime

Based on battery weight at a usage rate of 2.35 refills per dispenser, per year. Savings calculated based on a six year dispenser lifetime, compared to leading traditional touch-free systems.

* When compared to leading touch-free systems on the market.

Don't Forget the 1-2-3's of Hand Hygiene!

These simple steps go a long way towards staying healthy! Pair KleenLine products with hand sanitizer to get the best results.

1. Wash hands with soap and clean water
2. Dry hands with clean paper hand towels
3. Apply hand sanitizer

Envoy Solutions is a specialized distributor and solution provider serving the US market through a family of the nation's best regional distributors. We specialize in jan-san, foodservice, packaging, and marketing execution. We're way more than a catalog or website—we're people who listen, roll up our sleeves, and do the heavy lifting. We offer a broad catalog of top brands and products, along with deep expertise and advice, to help our client-partners succeed. We are driven to make facilities cleaner and more sustainable, people safer, and operations more productive, every day.
