

100% Recycled Paper Products

KleenLine products fit a wide range of universal product dispensers and are an excellent combination of quality, economy and a more sustainable profile.

Made from 100% recycled paper collected in the Western United States, these products are made of a minimum of 75% of Post-Consumer Waste (PCW) and are manufactured Processed Chlorine Free (PCF). They are Green Seal and FSC Certified, and they meet the EPA Comprehensive Procurement Guidelines (EPA CPG) for post-consumer recycled content. KleenLine products also meet the requirements of the Leadership in Energy & Environmental Design Existing Building: Operations & Maintenance (LEED® EB:OM) Green Building Rating System.

KleenLine is perfect for schools & universities, office buildings, airports, hotels, healthcare facilities, and any other place that has restrooms!

The Most Trusted Name In Clean. Since 1945.

GREEN SEAL™

This product meets Green Seal's environmental standard for sanitary paper products based on chlorine-free processing, energy and water efficiency, and high percentage of recovered material and post-consumer recycled content.

FOREST STEWARDSHIP COUNCIL® (FSC®)

This product meets FSC chain-of-custody requirements verifying that it has been sourced from more responsibly managed forests.

Meets the EPA Comprehensive Procurement Guidelines (EPA CPG) for post-consumer recycled content.
